

ERAYZ

ERAYZ Non-toxic Mustelid Rat Bait

Product Forms

- Dehydrated rabbit blocks.
- Moist rabbit paste bait in a tube or pail.

Product Features

- Erayz products contain reconstituted feral rabbit with preservative.
- Erayz is proven to be highly effective in attracting mustelids and rats to a desired area, trap or cage as it has an odour identical to fresh rabbit.
- Extended field life- does not get fly blown and will outlast other fresh baits.
- Good shelf life- stores well for 3-4 months and can be stored in the freezer for extended use.

Erayz Paste — Product Features

- Erayz Paste is a stiff moist rabbit paste with hair and bone through it.
- Both variants can be used in live capture and kill traps.

Erayz Blocks — Product Features

- Erayz Blocks is Erayz Paste spread onto trays and dried over a number of days to withdraw the moisture.
- Each cut block is approximately 30mm square by 8mm thick and weighs about 17 grams.
- Erayz Blocks are a similar consistency to beef jerky.
